PROFESSIONAL EXPERIENCE

Junior Programmer

Boss Boleh Sdn. Bhd., Kuala Lumpur, Malaysia

February 2024 - Present

Contributed to the development and enhancement of the Boss Boleh Comsec System, an online platform used by clients and staff for managing company secretary services.

- Key Achievement: Independently enhanced 4 out of 6 critical modules within 6 months, significantly improving system efficiency and user experience.
- Assisted in the implementation of new features and improvements, working closely with senior developers.
- Provided production support and troubleshooting during senior developer's absence, ensuring continuity and resolving any urgent issues.
- Developed and maintained web applications using PHP, Laravel, Vue.js, and JavaScript.
- Automated data processes to increase accuracy and reduce manual errors.

IT Intern

Boss Boleh Sdn. Bhd., Kuala Lumpur, Malaysia

October 2023 - February 2024

- Conducted research on multilingual video translation platforms and presented findings to senior management for strategic decision-making.
- Embedded and optimized webinar videos in ClickFunnels to enhance user engagement and meet company standards.
- Developed and implemented automation workflows within SleekFlow CRM and Make.com to streamline customer relationship management processes.
- Enhanced functionality of the client portal, improving user interaction and interface consistency.
